

Alaska Marine Highway

The "Blue Canoe", as the locals call it - provides service from Juneau to a handful of destinations. They provide a different vantage point to view our amazing State compared to the cruise ships, and have plenty of space to spread out and watch nature go by.

The ships carry as many as 500 guests and up to 60 vehicles, although we have never seen that many on board. Each ship is ADA compliant, with a variety of seating areas, an onboard cafeteria, handicap accessible bathrooms, and elevators. There is no WIFI on board, and most do not have private cabins to rent. There is also an outdoor deck with unobstructed views as you cruise the Inside Passage. Please note: the crew does NOT make announcements regarding sites / marine life, etc. The AMH is primarily a transportation link for many Alaskan communities and is not focused on tourists.

Transportation to & from the Auke Bay Ferry Terminal in Juneau is NOT included with any of our packages. Taxis/Lyft/Uber are available.
