

## Fast Ferry

Alaska Fjordlines provides high speed catamaran service between Juneau, Haines, and Skagway. The ferries are more focused on highlighting the sites along Lynn Canal and the Inside Passage - ranging from the numerous waterfalls & glaciers to breaching humpback whales & orcas.

The vessels seat up to 45 passengers in an enclosed cabin, with a viewing platform on the rear of the catamaran. There is a bathroom and 'café' service offered on board. On the land, guests will be treated with a bus ride between the dock in Auke Bay and downtown Juneau or you can get dropped off at the airport.

Ferries run throughout the summer, departing Skagway in the morning at 8:15AM and arrive Juneau at 10:45AM. Juneau to Skagway departs at 4:00PM and arrives Skagway at 8:15PM.
